On 1/14 Mr. Lestrade Brown called at my office with the attached letter of introduction from Rear Admiral Hillenkoetter.

Brown stated he expected to apply for a position with the State Department as Air Attache and might have his name checked by the FBI as a result thereof; that he wanted to make a request that if such a name check was made by the State Department it be given expeditious attention. I told him this, of course, would be done.

A check reflects that there is no request pending for an applicant investigation on this individual in the applicant section, and the liaison section has not received a request for any name check. Therefore, this material should be made a matter of record in the Bureau.

Dear Mickey:

This letter is to present Mr. Lestrade Brown, whom I have known well and favorably for the past twenty years. He wants to ask your assistance in expediting an investigation for reemployment in the State Department.

As I say, I have known him for the past twenty years, and can give him a high mark for loyalty, probity, etc.

When you come up to New York, please be sure and stop by for lunch or a cocktail. It will be fine to see you again.

With best wishes to you, please believe me.

Sincerely,

Hilly
